Mr.R.M.Wright Jr.

Santa Susana Calif.

Dear Mr.Wright.:

In regard to your plans for a trip to Santa Cruz Ile., we can take the party to the barge on Tue.A.M. June 11, at 7:00 o'clock sharp for \$2.00 each, then up to Dicks, which is the nearest good camping place, for \$20.00. You can stay as long as you like just so you return on a week day. ^{either Tue - Thur. or Sat.} You may take as many as twelve in the party for this price. In case you take twelve, it would be \$24 to the barge and back, then \$20.00 to Dicks and back, which would make the trip cost \$44.00.

If you are not planning an over night trip it would be better to charter the boat for the day, which would be \$35.00 on Tue. or any week day or \$40.00 on Sunday. Most hunting parties take at least two days.

A party went over to Dicks last Sat. night and returned Sun. night with five hogs. Of course this would cost \$50.00 but the boat stays with you and any who do not hunt can fish from the boat, or cruise around some, and see the Island. This would be a party of twelve. One day charter would be a party of 16. You do not stand near as good a chance of getting hogs on a one day trip, as the time is so short, and you are not there when you should be for the best time to hunt. If you go from the barge the boat cannot stay with you as they have the return trip from the barge to make.

I am enclosing our price list for your information, and any other

way in which we can help you with your plans, we are glad to do so.

Sincerely yours

B. F. Chaffee
Channel Boat and Barge Co.

P.S. the water is fine and there are large oak trees to camp under at either Dicks or Valdez. Valdez is farther, and the ocean is often pretty rough going around the point, so that is why the difference in price. The hunting is about the same and the camp sites are about the same also, both very good.

B. F. C.
