Catalina Pottery is made on Santa Catalina Island from rare clays native to the island. Its vibrant colors and graceful designs reflect the romance and joyousness of Early California.

Catalina Pottery gives color and character to informal tables and strikes a festive note wherever used. Its remarkable hard-

ness has given it the name of "musical" pottery—when tapped it rings as clear as a bell.

Any design is available in your choice of colors (listed below).

This folder allows room for reproduction of only a few examples of Catalina Pottery. A wide selection of new designs suitable for varied purposes is available. These include Lamp Bases, Garden Pottery, Dinnerware, Art Pieces and hand decorated ornamental novelties.
